Visualizing

VISUALIZING

I make mental pictures that change as I read,
like a movie playing in my brain!

Visualizing

is when... You create a picture in your mind using the clues and words from the text as you read!

It's like making a movie in your brain.

In my mind I see...
_____.

I visualize that _____.

- ### Why?
- Help readers:
- get excited to read more.
 - understand the text.
 - make better predictions.

The Green Giant

- First listen--- Close your eyes and listen to the words.

The Green Giant

- Second listen--- Close your eyes and listen to the words.
- Visualize what the giant will look like while Miss. Bloomberg is reading.
- Think about each detail of him as she reads, picture the body part.

The Green Giant

- Third listen--- Here is the poem. I will read it one more time, but pause after each part and draw these parts of his body.
- Post your green giant on the Reading FlipGrid Topic for all of our friends to see your movie in your mind!

Green Giant

BY Jack Prelutsky

There lived a green giant whose name was Sam.

His hair was the color of strawberry jam.

He had one brown and one blue eye.

And a beard the color of pumpkin pie.

His coat and pants were oh so bright,

Like a peppermint stick all red and white.

His socks were as yellow as lemon pop.

His shoes were as brown as a chocolate drop.

His hat was the color of gingerbread,

with a tall, tall feather of raspberry red.
