

Social Studies Lesson

Introduction to State, city/town, home, me

MA - Massachusetts
CT - Connecticut
RI - Rhode Island
WV - West Virginia

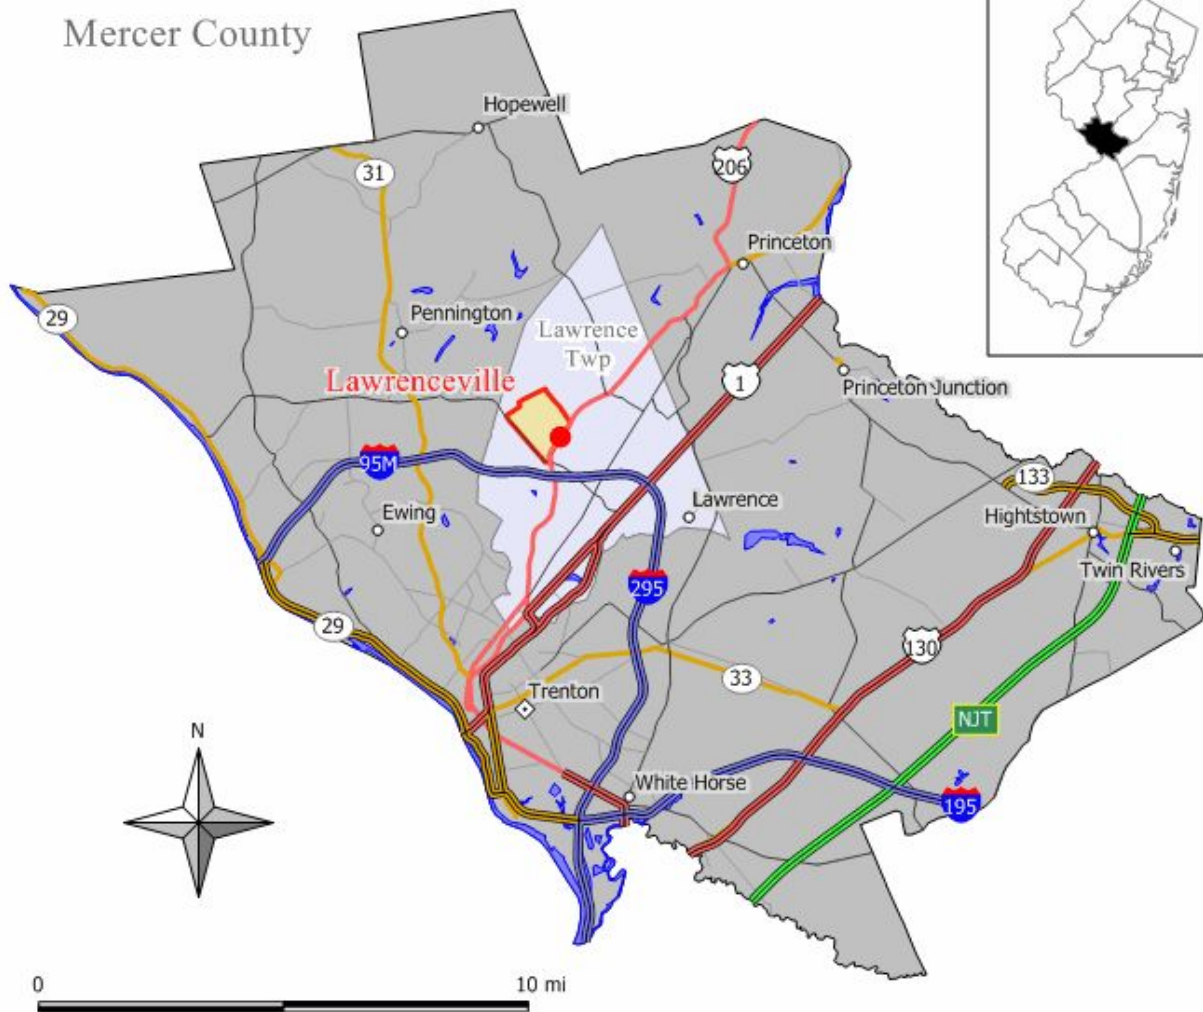

The United States

Mercer County

The circle activity is attached in PDF format

There are pages for you to complete, I have two versions of most pages (you'll have to scroll through the document).

One where it's empty and you have to draw and label each part.

The second where the picture is already there for you so you can just label it.

It is your choice of which one is best for you - remember don't just do the "quick" way, choose the one that is BEST for you! Don't make Mrs. Ali and Miss Bloomberg have you re-do it because you took the "quick" way!
